

The Vermont French Canadian Genealogical Society completed our latest repertoire of Marriages and Baptisms in May

In October of 2016, we began entering data for St Teresa church in Hyde Park, VT. This was completed in four months but since it was a small parish we decided to include two other small parishes; namely All Saints in Richford and St Isidore in Montgomery, VT.

The St Teresa records were for the years 1872 - 1957 and All Saints records were for 1887 - 1951 and St Isidore records were for 1908 - 1951. There are a total of 1192 marriages and 4592 baptisms.

Because of their location in northern Vermont they contain numerous records of French-Canadians. **This book contains 745 pages and will cost \$75.00 plus \$10.00 Shipping & Handling.**

What is next?

Our last old church, St Jerome in East Dorset was begun in 1860 and the records continue until 1961. They are presently being held at St Paul church in Manchester, VT whose records we are including and also St Columban, Arlington with 1903-1934 marriage records from Holy Trinity, Danby, VT; St Patrick, Wallingford and Mt Holly.
